

SHOPMEN GO OUT ALMOST TO A MAN

From Coast to Coast Employees
of the Canadian Pacific
Quit Work.

BITTER STRUGGLE AHEAD

DOMINION LAW AGAINST IM-
PORTING STRIKE BREAKERS.

Winnipeg, Man., Aug. 5.—The biggest labor dispute which the industrial history of Canada has known culminated today in the form of a general strike when the employees of the mechanical department of the Canadian Pacific railroad, from the Atlantic coast to the Pacific coast, some 8,000 in number, laid down their tools and quit work because the decision of the conciliation board which was appointed under the Lemieux act of the Canadian parliament was not in accord with what they wanted. Not merely in the number of men involved is the magnitude of the walkout indicated, but in the fact that it involves greater financial interests and covers more territory than any strike which has heretofore been recorded in railroad circles.

All Out at Winnipeg.

The local end of the event is represented by the cessation from work of some 1,000 men, who were employed in the Winnipeg shops. Nearly half of the men involved are on western sections of the road, the exact number being 3,200.

The total number of men on the western lines is 3,500. The total number on the eastern lines is 4,500. The total number on the Canadian Pacific railroad system is 8,000.

Employees on West End.

Following is the proportion in which 2,500 men on western lines are distributed:

Winnipeg, 1,000; Brandon, 90; Broadview, 90; Moose Jaw, 300; Swift Current, 90; Medicine Hat, 250; Calgary, 300; McLeod, 50; Lethbridge, 60; Cranbrook, 25; Nelson, 25; Ehnott, 50; Smelter Junction, 5; Trail, 5; Rossland, 25; Midway, 20; Greenwood, 25; Revelstoke, 50; Kamloops, 30; North Bend, 25; Spencer Bridge, 20; Mission Junction, 15; Westminster Junction, 20; Vancouver, 25; Port Williams, 20; Ignace, 100; Kenora, 100. Total, 3,500.

Will Prove Costly.

Approximate figures show that the average weekly payroll of the mechanical department of the Canadian Pacific is close to \$250,000. Thus, if the strike lasts a month, it will take a cool million dollars out of the pockets of the 8,000 men. The daily pay of each man is under \$4. There are rumors that members of the operating department would also go out in sympathy, but this is thought to be hardly probable. So far only the mechanical departments are affected. It is understood in some quarters, however, that the trainmen will walk out in sympathy on Saturday. Questioned upon this fact, the trainmen's representatives said today the matter of striking had never been given consideration, and unless things took a much greater development than they did at present they would not in any active manner be affected.

LAST TO GO OUT.

Men in Canadian Pacific Shops at Vancouver Struck at 10:30.

Vancouver, Aug. 5.—A general strike of the mechanical department of the Canadian Pacific railway was inaugurated today throughout the system. The men employed in the Vancouver shops, numbering over 200, were the last to go out, leaving work at 10:30, upon being advised by the action of the men in the east. The men in the Canadian Pacific shops and round-houses from St. John to Vancouver are reported out. The strikers allege that the cause of the trouble was the action of the company in promulgating the award of the majority of the arbitration board without consulting the union representatives. Representatives here decline to discuss the present situation. The company, however, has taken the ground that the time is ripe for a readjustment of the relations between the men and the Canadian Pacific railroad on account of traffic conditions.

ONE IMPORTANT FEATURE.

Under the Law Strike Breakers Cannot Be Imported Into Canada.

St. Paul, Aug. 5.—With 8,000 skilled mechanics on strike, due to the walk-out of the machinists and other employees in the company's shops, agents of the Canadian Pacific railroad are holding out inducements to men in Canada and the United States to fill places of the strikers.

But St. Paul labor agencies have given out the statement that it will be practically impossible for any men to go from here, and the local labor agencies propose to take no chances with the Canadian Pacific railroad. According to this law, no strike-breakers can be imported into Canada, the act prescribing a penalty of \$1,000 fine for each violation, with deportation of the strike-breaker as an added penalty.

Orho Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble or any form of indigestion. If it fails, the manufacturer refund your money. What more can any one do? F. J. Hill Drug Co., The Never Substitutors.

DIVIDENDS DECLARED.

American Tobacco Company Back to Normal Conditions.

New York, Aug. 5.—The American Tobacco company today declared a quarterly dividend of 2½ per cent and ¼ per cent extra on the common stock. This compared with 2½ per cent and 5 per cent extra three months ago, and 2½ per cent and 2½ per cent extra six months and nine months ago, and 2½ per cent and 7½ per cent extra a year ago.

New York, Aug. 5.—The American Smelter Securities company today declared a quarterly dividend of 1½ per cent on preferred "A" stock and 1¼ per cent on preferred "B" stock. These dividends are unchanged from the last previous quarter.

To Ogden Canyon.

Daily excursion over the Lagoon route. Round trip fare, including street cars and automobile to all canyon resorts, \$1.50. Sunday excursion to Ogden, \$1.00.

BISHOP PRESTON'S FUNERAL

Leading Dignitaries of Mormon Church Pay Last Tribute of Respect.

The body of Bishop William B. Preston was taken last evening to Logan after a service in the Assembly hall, eulogizing his splendid character and dwelling on the main events of his life. The services began at 1 o'clock, and three hours later the body was borne to the train to be accompanied by the sorrowing relatives to Logan. A service will be held in the tabernacle there at noon today.

President John R. Winder presided over the services, and after a prayer by Apostle Lund several speakers made addresses. Bishop O. P. Miller told of his own personal relations with the dead, and spoke feelingly of his grief. He said that much of the present prosperity of the Mormon church was due to the careful handling of its affairs by Bishop Preston.

J. Golden Kimball reviewed the life of the man from his birth in Virginia, through his migration to California, his career in Utah and his affiliation with the affairs of the church. He told of his hospitality and his integrity, and closed with a comforting prayer for the peace of the bereaved family. Apostle O. F. Whitney spoke along the same lines, dwelling especially on his manliness, his generosity and his hospitality. He said "there are three generally accepted tests of aristocracy, wealth, lineage and intellect," and that in his opinion Bishop Preston had fulfilled all three tests.

Joseph F. Smith gave a short talk, beginning by explaining why Bishop Preston was relieved of his duties as presiding bishop, and offering hearty thanks that he had been taken from his sufferings here. He closed by saying: "We sorrowed for many months over the condition of this good man, and I still sorrow over the condition of others around me who are not and I pray that God will see fit to remove them from this sphere even as he has this good man."

Another speaker of the afternoon was F. M. Lyman, who also spoke from the personal standpoint of his close connection with the dead, and closed with a short eulogy of his character. Bishop Winder added a few words, closing a tour beautiful musical numbers were given by the choir, with Professor J. J. McClellan at the organ. As the funeral organist played from the edited text of the hymn "Home, Sweet Home," a favorite air of the late Bishop Preston. The pallbearers were all employees of the presiding bishop's office in the Mormon temple. They were: J. L. Nebeker, Joseph Keddington, F. M. Atkins, John Wells, Neils Rasmussen, W. S. Burton and O. H. Worthington. The Assembly hall was filled with beautiful flowers, both from friends at home and from those away from here, testified to the manner in which Bishop Preston was loved.

UNABLE TO PAY JUST DEBTS

Receiver Appointed for the Charles E. Bultman Company, a Cincinnati Brokerage Concern.

Cincinnati, Aug. 5.—In the United States district court here today Judge Thompson appointed William R. Thrall receiver of the Charles E. Bultman company. The plaintiffs in this action of involuntary bankruptcy charge that the defendant company committed an act of bankruptcy when, on Aug. 4, it admitted in writing that it could not meet obligations.

Assets, said to consist of cash and furniture amount to between \$50,000 and \$100,000, while the liabilities are estimated variously at from \$100,000 to \$500,000, the latter figure being that said to have been named by Bultman himself.

Nearly every state in the Union is said to be represented among the dealers with the Bultman company, which recently absorbed the brokerage firm of Moorehead & Co., one of the best known firms in this section. Bultman, who five years ago was a "man in the moon" in the brokerage business, was last year made a councilman at large from Walnut Hill, and has been in public affairs.

THE BULTMAN COMPANY WAS THE LAST OF THE LARGER BROKERAGE CONCERNS TO QUIT BUSINESS.

FINE CHANCE IN MINNESOTA FOR W. J. BRYAN

Continued from Page 1.

"The notification speech," said Mr. Bryan, "will deal with the question of the trusts, the banking question, the labor question, imperialism, etc., it was not necessary to include them in this speech, as I could not have done justice to any one question if I had to treat a number. Our platform declared the over-throwing of the trusts, the 'People's Rule' and in this speech I take up the admitted conditions and endeavor to show how they can be remedied, and how the people can be put into control of their own government."

"Measure of Rewards."

"The only other subject discussed 'The Measure of Rewards,' the aim of all just government being to secure each individual the reward to which his work entitles him."

"I shall within the present month discuss the tariff question, the trust question and the guaranty of bank deposits. The speech on trusts will be delivered at Chicago on Labor day. I shall discuss the labor question and at Peoria on the 9th of September, the subject will be: 'The State and the Nation.'"

MISS TANNER'S FUNERAL

Victim of Accident in Wyoming Laid to Rest.

Grieving friends and relatives gathered in the Twenty-first ward meeting house yesterday afternoon at 4 o'clock to attend the funeral services of Miss Evelyn Tanner, daughter of Mrs. L. W. Tanner, of Cokeville, who died Monday of injuries received in being thrown from a horse last Wednesday evening.

The services were conducted by Nathaniel H. Tanner, uncle of Miss Tanner. The burial was made in the City cemetery.

Miss Tanner, who was 16 years old, was riding a pony last Wednesday evening, when the horse stumbled and she was thrown to the ground. She lingered until Monday, when she died while being brought to Salt Lake for treatment.

Bathing is at its best, bathe now, and you'll keep on bathing at Saltair.

STRONG FIGHT ON GOV. HUGHES

Secretary Cortelyou Confers With Chairman Hitchcock on New York Situation.

MANY LETTERS ON SUBJECT

SITUATION IN EMPIRE STATE BECOMING ACUTE.

New York, Aug. 5.—An important conference between Chairman Frank H. Hitchcock of the Republican national committee and George R. Cortelyou, secretary of the treasury, who managed the Republican campaign four years ago, was held late today at the Manhattan hotel. Besides talking with Mr. Hitchcock about the political situation generally throughout the country, Secretary Cortelyou is thought to have taken up the governorship question in New York state.

Thought to Be a Candidate.

At one time the head of the treasury department was credited in political circles with being an aspirant for the Republican nomination, and he was thought to be favored by some of the state leaders who have opposed the re-nomination of Hughes. He could not be seen here today, and Mr. Hitchcock declined to say what was talked about beyond admitting that he heard a great deal more about the state question. He declared that he did not express an opinion nor offer a suggestion on the subject himself, and that his part was that of a listener.

Opposition to Hughes.

Representative Bennett and Representative Parsons, the latter chairman of the New York country Republican committee, were with Mr. Hitchcock for some time, their main subject being discussion of the gubernatorial nomination.

Mr. Hitchcock said that every day brings a large amount of correspondence on the subject of the governorship. So far as can be learned the governor has not sent any delegations to national headquarters to speak in his behalf.

Many Callers.

Several parts of the country were heard from today by Mr. Hitchcock. He received a call from James C. McCleary, second assistant postmaster general, who is a candidate in Minnesota for re-nomination by the Republican party for the house of representatives. Mr. McCleary said that he was confident that the Republican state ticket would be elected in Minnesota this fall and that the congressional district would send a Republican to Washington. He expressed the opinion that Governor Johnson would not again take the Democratic nomination.

They Want Money.

Representative C. B. Slem, the only Republican congressman from the state, said at his headquarters with Representative George A. Pearce of Maryland. Both of these southern members of congress urged that work be done in their states and that particular attention be given to certain congressional districts where they said the party had excellent chances of winning.

Charles P. Taft of Cincinnati, brother of the Republican nominee, was one of the first callers at headquarters today. He had a long talk with the chairman and then met the local newspaper men. He was greatly amused at their questions concerning the cost of running a campaign, but would not tell how much it was costing him. He parried the questions good naturedly and with great success. He expressed the opinion that Ohio was surely Republican.

TROUBLE ON SEPTEMBER 1

Coal Miners of Wyoming Refuse to Accept Slight Reduction in Wages.

Denver, Colo., Aug. 5.—Suspension of work in the coal mines of Wyoming on Sept. 1, when the present scale expires, is expected as a result of the failure of the operators and miners to reach an agreement, and about 7,000 men will be thrown out of work.

Thomas Gibson, president of the Wyoming dist. of the United Mine Workers, left Denver for Indianapolis today, and will report the failure of the negotiations to Thomas L. Lewis, national president of the United Mine Workers. When the negotiations resumed President Lewis will probably take part in them.

The Disagreement was caused by the refusal of the miners to accept a reduction in wages ranging from 10 to 25 cents per day.

What a New Jersey Editor Says.

M. T. Lynch, editor of the Philadelphia Record, said today that he had received many kinds of medicines for coughs and colds in his family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it. P. J. Hill Drug Co., The Never Substitutors.

SALE OF NEWS PRINT PAPER

Five Carloads Auctioned Off in New York, Result Showing the Market Price.

New York, Aug. 5.—Five carloads of news print paper were sold at auction in this city today under the direction of John Norris, chairman of the committee on paper of the American Newspaper Publishers' association, for \$1.90 per 100 pounds, f. o. b. at Natural Dam, N. Y., for the entire lot.

Two carloads were taken by C. R. Reimers of the Texas Telegram of Fort Worth, Tex., and three carloads were taken by M. E. Foster of the Texas Chronicle of Houston, Tex. The paper was guaranteed to be equal in quality to that used by the New York World.

Mr. Norris said he had bought the paper from a manufacturer and that he supposed he would have another sale when he had secured that paper. He said that paper was being offered at the mills at \$2 per 100 pounds, but this sale, he said, showed the market prices of paper in New York City.

RAVAGES OF PLAGUE.

Tzaritsyn, Russia, Aug. 5.—Fourteen cases and nine deaths from cholera have been reported here, making a total of eighty-five cases and forty-nine deaths recorded since the outbreak of the epidemic.

CHARGE OF EMBEZZLEMENT

Warrant for Frederick Dorr, Stockbroker Who Failed a Few Days Ago.

San Francisco, Aug. 5.—Frederick Dorr, the well known stock broker, who last week ceased operations on the New York stock exchange and of his local office, is wanted on a charge of embezzlement. A warrant was issued here today for his arrest and he is reported to Chief Biery of the police department that he left this afternoon on a train bound for Los Angeles.

The accusation against Dorr is made by H. H. Norwood, a broker of this city. In the complaint he alleges that Dorr embezzled 100 shares of the common stock of the Chicago, Milwaukee & St. Paul railroad, valued at \$14,000.

Norwood in discussing the complaint said that the stock was given into the care of Dorr about two months ago at his office here. Dorr left the city a few minutes before the warrant was issued.

LONG LOSES SENATE SEAT

Kansas Republicans Turn Down Man Who Posed as Friend of Taft and Roosevelt.

Topeka, Kan., Aug. 5.—The nomination of W. R. Stubbs for governor and J. L. Bristow for United States senator on the Republican ticket at the primaries held yesterday is tonight a certainty. Practically complete reports from 40 of 45 counties give Stubbs a lead of 13,222. The election of J. L. Bristow was definitely determined late this afternoon. Of the 16 legislative districts in the state Bristow has carried at least 88. There are seven districts yet to be heard from. At the headquarters of Senator Chester I. Long the nomination of Bristow is conceded.

Complete returns from counties so far received give Bristow a lead of 6,180 votes. Returns from the congressional districts continue to come in slowly, but without received indicate the re-nomination of all the present congressmen against whom there was opposition, Miller, Reeder and Calderhead.

MURDER AT BUTTE.

One Ryan Unwinds Mortal Coil of Mooney, His Brother-in-Law.

Butte, Mont., Aug. 5.—Murder entered one of the first families of Butte today when James W. Ryan shot and killed his brother-in-law, Daniel F. Mooney. The murder occurred in a saloon. The pistol was walked up to his victim and emptied five shots from a revolver into him without comment. Mooney died instantly. Ryan surrendered and was jailed at once.

Ryan is a brother of John A. Ryan, superintendent of the North Butte Extension company, and a former alderman.

Mrs. Mooney, Ryan's sister, died last week and Mooney had just returned from Dover, N. J., where the internment took place. The killing is believed to have resulted from the woman's death. All concerned are prominent people.

Is your money invested where it will yield you handsome returns and at the same time be absolutely safe, and where you can get it when wanted?

Perhaps you have a surplus of \$200 or \$300 or \$500 and the amount is so small that the only thing for you to do is to put it in the savings bank at 4 per cent interest.

In this you are mistaken. The Mutual Realty Co. was formed for the purpose of affording the modest investor the same opportunity to make money out of real estate as the more wealthy investor.

You can invest your savings through the Mutual Realty Co. and receive from 12 to 15 per cent per annum, besides increasing your original capital through the constantly increasing values of the company's realty holdings.

Write or call on C. E. Raybould, secretary, room 324, Security & Trust building, Salt Lake City, Utah, and let him tell you how.

MINING ENGINEERS DINE.

Are Guests of Professor R. H. Richards of Boston.

Professor R. H. Richards, head of the mining engineering course at the Massachusetts Institute of Technology, of Boston, entertained a number of graduates from that institution at a dinner at the Knutsford hotel last night. Professor Richards is making a tour of the country in connection with his study of the various methods of ore dressing. He has made a specialty of ore classifiers and has introduced some radical improvements in this branch of the art. He is accompanied by Charles W. Goodale, manager of the Boston & Montana Consolidated Copper & Silver Mining company.

C. H. Fisher, E. P. Fleming, A. E. Wells, Matt Brodie, B. W. Mendenhall, Lewis T. Cannon and E. B. Hartlett enjoyed Professor Richards' hospitality.

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Temperature at 6 p. m., 69 degrees; maximum temperature, 70 degrees; minimum temperature, 67 degrees; mean temperature, 73 degrees, which is 3 degrees below normal. Total deficiency of temperature since the first of the month, 1 degree. Accumulated deficiency of temperature since Jan. 1, 235 degrees. Total precipitation, .02 inch. Total precipitation since first of month, .03 inch, which is .01 inch below normal. Accumulated excess since Jan. 1, 1.88 inches. Relative humidity at 6 p. m., 81 per cent.

RAISULI ONCE MORE.

Tangier, Aug. 5.—Raisuli, the bandit made his first appearance here today since the release some time ago of Cal Sir Harry MacLean. Riding up to the British legation at the head of fifty horsemen he declared it was his intention to renounce British protection and resume his old life unless reparation was granted for the pillaging of a village by imperial troops yesterday.
